

# Vaccine Specific Billing by Physicians

Physicians administering publicly funded vaccines can bill for this service using the MSP fee codes contained in the MSC Payment Schedule issued by the Ministry of Health, 3. [General Services](#).

Vaccines given to people under 19 years of age should be billed using the vaccine specific billing code; these range from 10010 through 10029 depending on the vaccine administered.

Vaccines given to those aged 19 and older should be billed using the appropriate code based on the route of administration (intramuscular injection B00010 or subcutaneous injection B00034)
