

AN-16-003

26 February, 2016

CUSTOMER ADVISORY NOTICE

Dear Customer,

Please be advised that as of April 2016, bioLytical Laboratories will discontinue the current configuration of INSTI® Controls.

The new part numbers for the Canadian market are as follows:

Part Number – 90-1034

Description – INSTI HIV-1 Controls

Part Number – 90-1035

Description – INSTI HIV-1/HIV-2 Controls

Controls will now be available in sets of 3 vials for PN 90-1035 and 2 vials for PN 90-1034, each vial containing 1 ml of control material. The new controls can be stored frozen at $\leq -20^{\circ}\text{C}$ ($\leq -4^{\circ}\text{F}$) for up to one year, or refrigerated at 2°C (36°F) to 8°C (46°F) for up to one year.

If you have any questions regarding this notice, please contact bioLytical Laboratories' Customer Service at +1-604-204-6784.

Sincerely,

Angela Tapu
Director, Quality and Regulatory

bioLytical® Laboratories Inc.
